

Dear Readers,

This year is so special to us as our hard work, dedication and commitment is entering its tenth year of glory. Since we believe that we are what we are today because of the faith and trust reposed on us by our Clients and their continuous support, we thought of bringing some value addition to our existing services. Among other things, the idea of circulating a newsletter came out to be an effective option to reach out to our clients consistently. Therefore beginning this month, and every month hereafter, our newsletter will reach you and appraise you of what is latest in field of indirect tax. In addition to updates on latest circulars, notifications and case laws on excise, customs, service tax and VAT, we have endeavoured to guide you through to generation next taxation 'GST' through our 'GST corner'. Since we acknowledge that our responsibility is not restricted to verbatim reproduction of 'what is new', we have also taken care to incorporate articles in every issue which will as usual be a threadbare analysis of burning issues in domain of our practise.

We want to ensure our readers that this news letter is in no way a substitute to our existing support system, (which as usual will always be available), but be a parallel platform which will iron out the creases of any discomfort on account of delay in communicating latest developments in indirect tax domain.

Any queries, opinion and concerns can be addressed to our id : news@swamyassociates.in We also request our readers to contribute graciously and assist in making this endeavour a success in our slow and steady march forward..

As JK, puts it , we have to go miles.. together... hand in hand...

Sindhu Mangat
